

North Shore Craft Group Inc. Annual Exhibition

“MASKS, CONCEAL OR REVEAL” is the “challenge” for the 2008 annual exhibition of the North Shore Craft Group. With well know and renowned actor and theatre director, John Bell AM opening the exhibition, our talented crafts people will be displaying a vast collection of high quality, original works such as dazzling coats, jackets and bags, exquisite fascinators and scarves, silver, gold and beaded jewellery, intricate kiln fired glass, hand carved and turned wood, magnificently formed ceramics, paper, leather, book binding, silk and much more.

This year we are introducing a “people’s choice award” where simply voting for your favourite piece from the challenge display could win one lucky person a \$400 voucher to be spent at the show. During the exhibition Dial-A-Mum will be providing delicious food and teas/coffees, and magnificent floral displays can also be viewed from Ikebana International.
